

SAP Dashboards

This section describes dashboards for SAP systems that are delivered together with Datavard Insights for AppDynamics. These dashboards can be exported from the SAP system and imported to the AppDynamics Controller.

Individual dashboards as well as the process of export and import is described in the sub-sections.

- [SAP Dashboard Generator](#)
- [SAP General Dashboards](#)
- [SAP HANA Dashboards](#)
- [SAP PI Dashboards](#)
- [Mapping Between AppDynamics Metrics and Datavard Insights KPIs](#)
